Sarina hot on UK

LUNCHWATCH: Jobs queen **Sarina Russo** was spied deep in conversation with some of her UK managers at **John Kilroy's** Jellyfish eatery yesterday.

Apparently Russo is bullish on the UK, currently tendering for five jobs in the Old Dart. If she lands one it will be almost as large as her entire Aussie operations.

“If **Therese Rein** can do it (with her previous push into the UK before she sold her business), then so can I,” she said.
